PAPER Magic

Papier-mâché, also known as paper mache, is used for making innovative products. Check out some places in the city where you can learn this art

HIMANSHU ART INSTITUTE

Besides their many art and craft classes, the institute also teaches how to make paper mache. While here, you can learn to make paper mache with newspaper and other waste paper. The two months course, which involves two classes per week for two hours, starts with the teaching of basic drawing skills and then teaches how to make paper clay that is used to create paper mache products. You can learn to make products such as masks, hanging items and human figures.

Fees: ₹7,000 for two months
